7/31/89

Dear Jim,

Here are copies of two letters I got from Tony Summers today, his of th 21st and one to him from his agent of the sixth.

Please note that this is the first indication of any effort after all this time by Sterling Lord. Whether or not anything comes of it, it is clear evidence that until now nothing at all was done.

The effort follows my notifying Tony that inaction abrogated the agreement.

Best,

Harold
